November 2026
Chase Park Evangelism Update

Brothers and sisters,

We are blessed by a great God with great opportunities every day. Some of those opportunities include sharing our faith with those we love, those we know, and those we meet for the first time. Life happens, we get busy, and sometimes those opportunities come and go without us taking advantage of them. Don't we believe that the Lord knew that would be a reality of our everyday life? Of course, He did.

So, what does that mean for us? It means that we need to think about the real possibility of us going days, weeks, months, or years without ever reaching out to anyone. If we believe that the Lord would be ok with that, then there is nothing for us to change. But, if we come to understand that the Lord would not be ok with that, then what do we do about it?

This possibility of a dormant influence or light, for the Lord, is what caused me to think about it for myself at first. That is when I developed the concept that is reflected in the logo at the top of this article, *"Think Souls First"*. It is a foundational truth of Christianity that we are all charged with the task of influencing others for good for the cause of Christ. It is also a foundational truth of Christianity that we must be forward thinking and intentional about all aspects of our spiritual life.

That is one of the primary reasons the Bereans were complemented in Acts 17:11-*"These were more fair-minded than those in Thessalonica, in that* ***they received the word with all readiness****, and searched the Scriptures daily to find out whether these things were so."* They were intentional about their studies, anticipating the blessing of learning when an opportunity presented itself. May we all be like the Bereans, not just about our study of God's Word, but about all aspects of our lives.

God bless, and remember, I want to go to heaven with you.
Pat
