November 2025 Chase Park Evangelism Update

Brothers and sisters,

I wanted to let you know because so many of us have been praying for Don Blackwell that he got mixed news from the Clinic that is considering him for the experimental transplant that would allow him to stand. They are progressing forward but believe he must have more physical therapy on his legs before they can decide. So, please continue in prayer for Don that his therapy will be successful and that he will be a candidate for this device.

We have had several baptisms over the last few months and there is a great deal of momentum with several studies going currently. We covet your prayers on behalf of those who are searching, and for those who are sharing the gospel with them.

If there are any folks that you have on your mind that need to obey the gospel, and if you would like some assistance trying to get a bible study with them, please let me know. There is nothing I would rather do than study with them, or anyone else, that has an interest in spiritual matters.

God bless, and remember, I want to go to heaven with you.
Pat
